

SR opposed ~~BR~~ go to White House
and shake white
Wanted ZC have no connection w/ Zen
Be a new sect
resented Tatsugami
goes against being place for
transmission + leverage

BR informed SR of Tate dragging

SR - Oh the subplot

BR stood up and thanked Tate saying
glad to have you as visitor

Wanted Dict to have for students
def didn't want institutional connections

SR didn't want to be Sato or Ringo
wanted to go back before sep

When we talk about SR, I did this
etc. were talking about Janoz
person who shaped Dict but had then
didn't seem like that. It was just normal.

Team put Dict's name on blackboard
he erased it twice.

SR wanted BR studied Dogen in Berks.

Aranda

only way to be authenticated get
Ten 5 students must get pass
from Hoichu then do ruse at Ehey
because pass recognized to some
Reb through Dick & Hoichu
Pet, Lew, Bill + Mel did training period at Rinson

SR tried to register Claude 2 doz June
and others unsuccessfully
with enough money and connections over here
I don't think they'll be enough for us.

We should try an affiliate relationship.
We could agree on 1st 2 pages of Constitution
shut out everyday mind of BBT non-dual of practice
and rights, suchness of precepts + the way
Our best powder is Shakyamuni Buddha, Dogen

and began as powder & Bahidharma
get copy of Constitution = all sorts of unte regulations

I thought SR's strategy was to set ourselves
up as independent and then keep door open,
see what can happen with Japan. Wasn't possible
for us to be full fledged members of Soto-shu.
They think of Soto shu for Japanese
like Dogen knew Chinese. Wouldn't accept him,
wanted us to cooperate w/ Soto shu - Soto shu
is their name and we can't use it. Zeji is
a royal title - should be Dogen X-ji or no-ji
after Dick SR changed idea of Zhiyi
Don't take # to mb sess before.
